

# 1.7 THE ATOM

1. Examine the atom models in the table below and fill in the required information.

| Picture of Model   | Scientist and Model Name | Model Characteristics |
|--|--------------------------|-----------------------|
|                                   |                          |                       |
| <p>Positively charged matrix</p>  |                          |                       |
|                                  |                          |                       |
|                                 |                          |                       |
|                                 |                          |                       |
